

Declaration of REACH Conformity

Servotronix Motion Control Ltd. hereby declares the conformity of the CDHD Servo Drive Series, and its derivative DDHD product line, with European Union Regulation (EC) 1907/2006 concerning the Registration, Evaluation, Authorization, and Restriction of Chemicals (REACH), which came into effect on June 1, 2007.

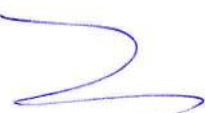

Under Article 33 of REACH, product (article) manufacturers or importers into Europe are obligated to inform recipients of any articles that contain chemicals on the Substances of Very High Concern (SVHC) candidate list above a 0.1% concentration (by weight per article).

Based on reliable information provided by our suppliers, we can confirm that the CDHD servo drive products manufactured by Servotronix Motion Control do not contain any of the substances on the REACH SVHC candidate list (as published by the ECHA) in concentrations greater than 0.1% by weight per article.

CDHD servo drive products are non-chemical articles; therefore, we are not subject to any obligation to register or to compile safety data sheets.

In the highly unlikely event that we find a CDHD product contains a substance listed in the ECHA candidate list with a weight exceeding 0.1%, we will promptly fulfill our obligation to make such information known to our product users.
